

A BETTER

This business was conceptualized and developed locally- it will all be operated and organized locally with a goal to hopefully have it grow big enough that other students can get involved and learn about entrepreneurship. The goal with running this business is to provide a stress-free opportunity and competitive pricing to local Bashaw families; while providing a positive impact on the community and our school. No more need to travel and spend hours hunting for the right supplies. Pricing has been established so it is comparable to what you would end up paying in retail- you don't pay a premium for the quality items but a fee per student/family will apply. By supporting this business, you are supporting local and helping establish what can hopefully grow and have an impact on even more families in our community.

Benefits for parents:

- **Save time, fuel, and headaches/stress from the back to school scramble**
- **Know it is the correct supplies- no need to stress if the items match the teachers needs**
- **Contributes to the school/teachers- portion of proceeds back to the school to fund activities such as field trips**
- **Items will be prepackaged and ready to go for first day of classes this fall- no stress or running around required from you!**

Benefits for the school:

- **Percentage of proceeds back to the school for funding programs such as field trips, sports teams, breakfast program, teaching materials, etc- year one will go to help fund field trips**
- **Efficient and equitable to reduce disparity**
- **Simplified process for happier teachers and parents**
- **Less teacher out of pocket costs**

Future possibilities:

- **Website to be established if year one proof of concept viable- this will also make the teacher's supply selection simplified and more convenient for parents as well**
- **Credit card payment options**
- **Sponsorship opportunity for donors to support school families**
- **Additional product options- school bags, gym bags, etc**
- **Get more students involved**

A fee for organizing and shipping- \$10 per student or \$25 per family

Orders must be done by July 26th. Payments can be done via e-transfer to bb2s@mail.com (not gmail) or if alternative payment options needed please contact 780-678-7668. Through payment include the total for your student/family (including the package cost and the \$10/student or \$25/family fee), what grade they are going into and their name as well as a contact number if any issues arise.

Thank you for supporting local initiatives and our school!
